WILL COLLECT IT

DEMOCRATS SAY THAT THEY WILL
SECURE THE INCOME TAX.

Sensational Story That Nothing Was
Appropriated to Enable the Col-
lection of the Tax is Denied by
Sayers, Who Shows That
a Small Sum Was Put
Aside for That Pur-
pose—Republicans
Will Prevent
New Laws.

WASHINGTON, Aug. 22.—It was reported
to a New York paper today that in ad-
dition to the long list of errors found in
the Gorman tariff bill, the surprising dis-
covery had been made by the treasury de-
partment officials that no appropriation
had been made for putting into effect the
income provisions, and that collectors of
internal revenue could do nothing under
these circumstances in the direction of
preparing to collect the tax.

HAVE ONLY NINE THOUSAND.
Representative Sayers, chairman of the
house committee on appropriations, at
once branded the story as false and sen-
sational. Every allowance for the collec-
tion of the tax has been made, he said.

It appears that some time since Com-
missioner Miller wrote Mr. Sayers suggest-
ing an increase in the appropriation if the
income tax was adopted. But this was be-
fore the measure passed. As soon as it
passed Mr. Sayers sent Mr. Miller, and, as
a result of this meeting, the commission-
er prepared the resolution for \$9,000 and had
it endorsed by the treasury department. The fact
is pointed out that the internal revenue
bureau has a very large general appropria-
tion available, so the scare about lack of
funds is unwarranted. The income tax
does not go into effect until January 1,
1895, one month after the next session of
congress opens.

DOESN'T GO INTO EFFECT AT ONCE.
It is believed the appropriation of \$9,000
will be ample for the treasury depart-
ment's use, but if there proves to be a
small deficiency, they say it can be pro-
vided for by the treasury department.

Revenue Commissioner Miller said that
as much as the tax, if it is to be made
into a law, would not go into effect
until January 1 next, and no reports are
required to be made until March 1, follow-
ing, the failure to make the appropriation
would not cause great inconvenience as
the bulk of the tax would be collected
after the beginning of the next year. In
the meantime, the commissioner, with his
present force, will prepare the list of tax-
payers and be ready to take up the work at
the beginning of the year. Mr. Miller es-
timates that when the law shall go into
effect the annual expenditure to the govern-
ment on this account will be \$24,000, of
which amount \$24,000 will be expended in
the employment of additional internal
revenue agents and deputy collectors, and
the remaining amount, \$24,000, will be re-
quired to pay for the services of the in-
ternal revenue agents and deputy collectors
and make necessary and \$20,000 for printing.

GETTING READY FOR NEW TAXES.
Preparations for carrying into effect the
new tariff bill are going forward at the
treasury department with all possible
speed. Secretary Carlisle has already re-
ceived a blank form of license for custom
house brokers, provided for in the bill, and
it is now in the hands of the printer. Sec-
retary Carlisle is also preparing an index
for the new bill. This will occupy
about twenty pages in the new tariff vol-
ume which, for the convenience of cus-
tomers, will contain the new tariff and
the McKinley act of 1890. It is
expected that by the time the new bill
becomes a law all preliminary work, save
that of the internal revenue agents and
internal revenue officials, will have been
done.

SENATE SQUEEZES A QUORUM.
Just twenty-one senators were present
today when the senate was called to order.
The deficiency bill was received from the
house, having been signed by the speaker.
The vice president immediately attached
his signature to the bill, and a quorum
was immediately pointed out by Mr. Aldrich,
and, after a consultation held among
Democrats, Blackburn urged that a debate
be held on the bill. The vice president
declined the decision of this impromptu
council seemed to be in the same line, and
Mr. Aldrich moved that the sergeant-at-arms
be directed to request the presence of
absent senators, which was agreed to.
There was a long delay while the list of
absentees were being made up for the
sergeant-at-arms. One by one they re-
ported, Blackburn making the thirty-
seventh. The senate did nothing, going
at once into executive session.

REPUBLICANS WORRY THE DEMOCRATS.
Before telegraphing for absentees today,
the Democratic leaders made an especial
appeal to the Republicans to permit the
bill to correct the errors with reference to
alcohol in the articles to go through with-
out objection in the absence of a quorum.
It appears, however, that when Senator
Chandler went away he left behind him a
request that the bill should not be taken
up by the senate until the next day. The
Republicans are guarding this request. The
Democrats now threaten to retaliate by tak-
ing up the supplemental tariff bills and
trying to pass them in case the senate
is getting a quorum, but they realize there
are many difficulties in the way of put-
ting such a program into effect, and did
not at times seem to resolve upon any
definite action beyond exerting themselves
to the utmost to secure the attendance of
a quorum.

GRIP WANTS TO QUIT.
Senator Gorman and Speaker Gripe had
a long conference today and the matter of
early adjournment was discussed. It was
believed by the Democratic leaders that a
business quorum cannot be longer main-
tained in either house and that it would
be well to have an early adjournment and
that it should come as soon as the tariff
bill is finally settled.

TREASURY OFFICIALS NERVOUS.
They do Not Like the Way Receipts Are
Pouring In.

WASHINGTON, Aug. 22.—Receipts from
internal revenue sources continue to be
abnormally large with every prospect of
continuing so until the new tariff bill goes
into effect. During the last seven work-
ing days, from August 15, the receipts
have reached the unprecedented sum of
\$11,000,000, and it is confidently expected
that by next Saturday a million, when
the new act will become operative, the
aggregate receipts for the preceding ten
days will have reached \$15,000,000. These
large receipts under the circumstances are
depreciated by the treasury officials, who
fear the situation in that of the poor
man paying 10 per cent per month on
money upon which to live. The reason
for this is that the act coming to the
treasury in this way is only temporary at
best, and will add to the deficit later on,
for on every dollar of whiskey now being
consumed the government would receive
a cent less than it now receives. As soon as
the tariff bill goes into operation the receipts
from this source are expected to drop
down to a merely normal amount, and as
the new tariff bill becomes a law the re-
sult will be a great supply now being
immediately secured.

DIAMONDS MAY ESCAPE

Error in Tariff Bill Will Let Precious
Stones in Free.

WASHINGTON, Aug. 22.—The legislative
and executive clerks of the senate have
been comparing the statement of errors in
the new tariff bill made in various papers
today, and say there are only three errors
that need to be given to the treasury
any concern. These are the paragraphs
relating to free admission of alcohol, the
diamond schedule and perhaps the omis-
sion of the period in the paragraph relat-
ing to stamping foreign manufacturers. Even
in the case of diamonds they believe the
construction placed will be that intended
by congress, and that they will pay the duty
imposed on precious stones. As to the
other errors enumerated, it is claimed
by these clerks that by a system of con-
struction the alleged mistakes in pub-
lication be made to either impose higher
duties or allow the free admission of ar-
ticles named. Members of the finance com-
mittee are of the same opinion.

PRESIDENT CLEVELAND'S SECRETARY

New York, Aug. 22.—Looking very
much better than when he went to Gray
Cliff, last week, President Cleveland
stepped ashore at Jersey City from the
lightship tender John Rogers at 2:15
this afternoon. The Pennsylvania train
bearing the president left the depot at 3:32
p. m., and the only occupants of Presi-
dent Robert's private car were the presi-
dent, Dr. O'Reilly, Secretary Lamont and
two servants. The strictest secrecy was
observed by those who knew the presi-
dent's movements.

WILL IT BE A VETO?

WASHINGTON, Aug. 22.—An effort was
made tonight to obtain some information
as to what course the president is likely to
pursue with reference to the tariff bill,
but the least intimation thereof could
be obtained, either at the White House or
from the members of the cabinet. Private
Secretary Thurber said the president had
been very much benefited by his trip to
Gray Cliffs.

Five Thousand Women Turn Out in

LEXINGTON, Ky., Aug. 22.—Twenty
thousand people, the flower of the Ashland
congressional district, attended the Owens
barbecue here today. Preparations had
been made to entertain 15,000 and the pro-
visions fell far short of supplying all.
The speakers were Hon. Wm. H. Owens, Hon.
C. C. Lockhart of Bourbon county, Judge
George S. Kinkead, Judge J. M. Morten
and Prof. C. M. Aldrich of Lexington.
There were 6,000 ladies present. The
speeches all ended with a declaration of
sentiments of Breckinridge and were the most
sensational yet spoken against him. Judge
Kinkead, for years a neighbor of Breckin-
ridge, was exceptionally severe in attacking
Mrs. Blackburn's defense and Breckin-
ridge's retirement.

HAWAII MAY BREAK OUT.

Battle Between the Japs and the Chi-
nese on That Island.

SAN FRANCISCO, Aug. 22.—The United
States cruiser Philadelphia arrived this
afternoon from Honolulu bringing the
following advices:
Honolulu, Aug. 22.—Six days ago it
was announced that the cruiser Philadel-
phia was to leave here, and about the same
time the captain of the British war ship
Champion stated that his vessel was about
to leave on a two weeks' cruise, extending
to look over the route of the proposed
Pacific cable. On the day following these
announcements a petition was circulated
by British residents asking the Champion
to remain. The petitioners professed to be
in fear of trouble if left without armed
protection. The Champion commander
agreed to remain in port, whereupon Ad-
miral Walker announced that he had
changed his mind about sailing. The
Philadelphia and that he, too, should re-
main in port. This unexpected change in
the plans of the naval commanders caused
great excitement. The reports pro-
fessed to believe that had the Philadel-
phia left there would have been an ap-
pointment against the government. Men high
in the government service, however, are
clear that they were anxious to have the
Philadelphia leave as it would give them
an opportunity to show the republicans
that the government needed no outside pro-
tection. The wishes of these confident
supporters were fulfilled yesterday, when
the mail from San Francisco brought
positive orders to Admiral Walker for the
Philadelphia to proceed to Mare Island at
once.
